Dixie DIY.com - One Shoulder Knit Dress

Cutting Layout

Supplies

You will need approximately 2 yards of 60in wide knit fabric (lightweight jersey is best), matching thread and one package of 1/4in elastic.

Tips

For pictures of instructions visit DixieDIY.com. All patterns have blog post associated with them. You can find a list of patterns on the Crafts page.

To sew knit fabrics use a serger or use a zig zag or stretch stitch on your sewing machine.

Finished Garment Size Chart

	XS	S	M	L	XL
chest	31 in	33	35	37	39
waist	24 in	27	29	31	33
hips	open				
elastic length	28 in	30	32	35	36

Seam Allowance:
1/4 in

Instructions

1. You have cut four pieces for the Bodice. One set of two corresponding pieces will be referred to as the Inside and the other set as the Outside.
2. Right sides facing, stitch the two pieces of the Inside together at the shoulders. Do the same for the Outside pieces. To help reinforce the shoulder you can sew Stay Tape into the seam.
3. Pair the Inside and Outside together, right sides facing, matching shoulder seam and raw edges. Pin together. Stitch pieces together along the chest/back edge and along the armhole.
4. Turn bodice right side out. Press down chest/back and armhole seams.
5. Pin side edges of bodice together with right sides of Outside facing and right sides of Inside facing.
6. Insert elastic through the side up along the chest/back seam, through the shoulder and back to the other side. Overlap the two ends of the elastic 1/2 inch and stitch together.
7. The elastic will sit along the chest/back seam. To enclose the elastic stitch 5/8 in away from the edge of the chest/back seam.
8. For the Skirt match up raw edges of the two skirt pieces and stitch up both sides. Gather along the top edge of the skirt. Matching side seams pin together the bottom of the bodice and the top of the skirt with right sides facing. Stitch together. Hem the bottom of the skirt.
